

SOIL HEALTH THAT *WORKS*

Practical Strategies for Orchards

FREE GROWER WEBINAR

WEDNESDAY, AUGUST 19, 2026 ♦ 4:00 – 5:00 PM

What's worth the investment?

Join leading Oregon soil health experts as they share the regenerative practices that are delivering measurable results in real orchards.

Whether your farm is **organic or conventional**, you'll learn:

- Foundations of soil health in orchard systems
- What actually improves soil health and orchard performance
- How successful growers are putting regenerative principles into practice
